Ortho-Care® Protect Hand Sanitiser

Ortho-Care Protect hand sanitiser is a specially formulated clear, spearmint scented, hand sanitising gel that prevents the cross-infection of harmful bacteria between patients.

Simply squeeze a small amount into the palm of your hand. Rub all over hands, paying attention to the back of your hands and in between the fingers, until dry.

Ortho-Care Protect requires no water and no drying with paper towels, and leaves your hands feeling clean and fresh with the scent of spearmint

Chimal Skin Shield

The ultimate in skin protection

Introducing the next generation of skin care

- Protects healthy skin
- Prevents cuticles from cracking
- Protection from harmful or annoying irritants
- Superior long lasting moisturiser
- Greaseless and odourless
- Dries quickly
- Lasts through multiple washes
- Prevents hands from drying out

Rough, dry skin is often caused by frequent washing with common soaps. Harsh cleaners and chemicals are even greater contributors to the problem, and, too often people whose work environment calls for the wearing of protective gloves, experience cracked cuticles and other skin maladies. The problem starts out as dry, chapped skin. Then, as time goes on, the skin changes from a healthy looking colour to something less pleasing. Next the inflamed skin begins to scale and grow itchy.

Protect your skin:

- **Chimal protects healthy skin** - Join the thousands of professionals, homemakers and everyday workers who protect their skin with daily applications of Chimal Skin Shield.
- **Chimal aids healing of affected skin** - Recommended by dermatologists. Use twice daily and create a protective layer over affected skin - a shield against harsh irritants that could cause additional damage during the natural healing process.

Chimal boasts a unique formulation that is not only greaseless, odourless, and water resistant, it also bonds with the outermost layer of your skin, to keep irritants away and natural moisturisers in - without clogging pores. Chimal gives you four hours of skin protection with each small application - will not wash off with multiple hand washes!
