CODE LIST

FIXED AND REMOVABLE PROSTHESIS

for dentists and dental technicians

RHEIN83

Scientific training

Different approaches to dentistry are proposed, from traditional techniques to the most advanced digital solutions.

Live courses

The surgical-prosthetic process in all its phases, an excellent tool to facilitate learning new protocols.

Research and Development

Innovation and research is developed with the collaboration of numerous universities, both Italian and foreign.

Academy Rhein83

Conferences, events and practical courses, welcoming professionals from all over the world for training in fixed and removable prosthetics.
